About Company

SafeEss

At SafeEss Protec Pvt. Ltd., we believe that safety and comfort go hand in hand. Guided by our tagline “Crafted for Your Workday,” we are a leading manufacturer of premium safety apparel including boiler suits, coveralls, fire-retardant uniforms, industrial jackets, and raincoats.

Headquartered in Ahmedabad, India, with state-of-the-art manufacturing facilities on the city’s outskirts, we are committed to delivering world-class safety wear that prioritizes quality, durability, and wearer comfort. Since our inception, we have been driven by a passion to meet the evolving needs of industries while keeping safety first.

Our products undergo strict quality checks to ensure they meet international standards, providing workers with apparel that is protective, reliable, and comfortable for long work hours.

Key Values

Safety First: Protection is the foundation of everything we create.

Quality & Durability: We craft apparel built to last and perform in tough conditions.

Comfort & Functionality: Each design is worker-friendly, ensuring ease of movement.

Innovation: Constantly evolving with technology and industry demands.

Customer Trust: Building long-term partnerships through reliability and service.

Vision

To Be A Globally Trusted Name In Safety Apparel, Setting Benchmarks For Quality And Innovation.

Mission

To design and manufacture protective workwear that empowers every worker to perform with confidence and comfort.
